AIRMAIL

PERSONAL AND CONFIDENTIAL

Commissioner,
Immigration and Naturalization Service,
Philadelphia, Pennsylvania

ATTENTION: W. F. Kelly,
Assistant Commissioner for Alien Control

Re your 56125/49-D; December 15, 1943.

Reference is had to your letter above referred to pertaining to the German nationals at this station.

In connection herewith, you are advised that in surveying the desires of such nationals at this station, it became necessary to place them into five (5) categories:

1. German nationals with and/or without families living in Central or South America, and who desire repatriation regardless of the status of their families
2. German nationals who do not wish to be repatriated
3. GERMAN nationals desiring repatriation whose families are now living in the United States, and who desire repatriation with the head of the family
4. German nationals with families living in Central or South America, who desire repatriation only if their families can accompany them
5. German nationals who refused to indicate in any manner their desires concerning repatriation

The first two categories, of course, need no explanation as the individuals listed thereon have stated either "yes" or "no". The third

The third named category pertains only to those who were arrested in the United States and who have families living in this country. You will note, in the fourth category, those named thereon have indicated they wish to be repatriated ONLY if their families can accompany them. In this connection you are advised the families of each individual named on this list are now living in either Central or South America.

With reference to the last mentioned category, you will note the individuals listed thereon refused to indicate, in any manner, their desires concerning repatriation. Therefore, the writer would take it to mean, of course, that they do not desire repatriation to Germany.

Ivan Williams,
Officer in Charge

REB

December 23, 1944.

Dear Mr. Delaney:

In connection with the departure from Jersey City, on January 6 of the MS CRIPSHOLM with German nationals to be exchanged for American Prisoners of War, there will be six persons at Algiers who are to be examined for Customs purposes and sent forward to Jersey City. These six persons are as follows:

Kolb, Karl
 Kolb, Gertrude
 Kolb, Heidi
 Kolb, Peter
 Bursy, Wilhelm
 (now at USPHS, New Orleans, La.)
 Stamp, Johann Bruno

Customs officers will examine the above six persons for Customs purposes at Algiers on the morning of January 3rd. The six persons are to be delivered to a special train enroute from Crystal City, Texas, which will arrive at New Orleans at 1:00 AM. on January 4th over the Southern Pacific Railway. This train will be switched to the Southern Railway and will depart from New Orleans at 7:45 AM. for Jersey City. Mr. William Mangels will be in charge of the train and will accept custody of the six persons when delivered by your officers to the train. It is suggested that you keep in touch with the Southern Pacific Railway representative at New Orleans, who will be able to give you last minute advice as to when the train will arrive and where it is most practical to place these persons aboard.

The

Mr. James F. Delaney,
 District Supervisor,
 Immigration and Naturalization Service,
 2134 St. Charles Avenue,
 New Orleans, Louisiana.

The six persons are permitted three suitcases each of stateroom baggage, which is to be tagged with the blue tag. The remainder of their baggage will be classified as heavy or hold baggage, which is to be tagged with the red tag. The heavy baggage of the six persons can be placed in the baggage car of the special train at New Orleans.

The white tag bearing the name of each individual is to be attached to the lapel of that individual and will be his identification at all times.

There are also enclosed form oaths which are to be signed by all males between 18 and 60 years of age to the effect that they will not bear arms for the duration of the present war. It is requested that two copies be signed for each male within this category; that the oaths be notarized and that these oaths be delivered to Mr. Mangels on the special train. The examining customs officers will have full particulars as to what items the German nationals may and may not take with them.

Sincerely,

T. F. Fitch,
 Chief Special Agent.

SUBJECT: Oskar M. P. GENS

December 30, 1944

Mr. T. F. Fitch
Chief Special Agent
U.S. Department of State

Dear Mr. Fitch:

Mrs. Oskar M. P. Gens, 48-15 Forlay Street, Elmhurst, Long Island, called to see me this afternoon and stated she is the common-law wife of Oskar Gens, who was taken in custody by the Immigration authorities last week at his home and is now detained at Ellis Island.

She stated this morning he had been notified that he was to be repatriated. Inasmuch as this man's name does not appear on our List, I called the Immigration and found that he had been arrested on revocation of parole. I understand he is a writer and painter.

His wife stated she has been living with him as man and wife since 1936 and that she is an American born, and is employed by the Federal Housing Authority, 270 Broadway, in a clerical capacity and has been so employed for the past two years.

She states that while she hesitates to give up her citizenship, she feels her place is with him, and she asked if it would be permissible for her to accompany him.

Sincerely,

R. D. Clark

FOR THE PRESS

JANUARY 4, 1945
NO. 16

CONFIDENTIAL RELEASE FOR PUBLICATION IN THE MORNING NEWS-PAPERS OF FRIDAY, JANUARY 5, 1945, WHICH DO NOT APPEAR ON THE STREETS BEFORE 10:00 P.M., E.W.T., THURSDAY, JANUARY 4, 1945. NOT TO BE PREVIOUSLY PUBLISHED, QUOTED FROM OR USED IN ANY WAY.

The State Department and the War Department announce that the TMV GRIPSHOLM is expected to leave New York for Marseille on or about January 6 to carry out a further exchange with Germany of seriously sick and seriously wounded prisoners of war who have been found eligible for repatriation under the terms of the Geneva Prisoners of War Convention. There will also be included in this exchange a number of German civilians in United States custody and a number from Mexico who are being repatriated in exchange for United States nationals and nationals of certain of the other American republics. It has been agreed that the repatriables of each side will be delivered in Switzerland on or about January 17 and January 25, 1945, in two separate exchange operations. The Swiss Government has agreed to the use of its facilities to carry out this exchange and is making available approximately eighteen hospital trains. The last exchange of sick and wounded prisoners of war with Germany took place at Goteborg, Sweden in September, 1944. The Swedish Government also offered the use of its facilities in the forthcoming exchange.

The GRIPSHOLM is expected to return to New York late in February with the American repatriates. This vessel will travel both ways under safe conduct assurances from all belligerents.

Every effort will be made to dispatch notification to the next of kin of the American repatriates at the earliest possible moment after their identity has been established beyond possibility of doubt.

A representative of the Swiss Government, which acted as intermediary in the exchange negotiations, will travel on the vessel as guarantor of the execution of the exchange agreement representing the interests of the parties thereto.
